AUCKLAND COACHBUILDERS

AUCKLAND COACHBUILDERS

Our mission...

is to build and re-design high quality vehicles that exceed the expectations of the customer. We are located close to the Auckland Airport and motorways. Our staff includes a range of qualified tradespeople and apprentices including qualified coachbuilders, engineers, panel beaters, spray painters, fitter/joiners, certified welders and fibreglass repairers. We also have a range of contractors that we utilise for electrical, upholstery and sign writing work. This enables us to offer a complete solution type service.

Products and Services

Auckland Coachbuilder's operate from a 30,000 square foot (3,000m²) factory in Mangere and have a 20 metre bake oven spray booth which ensures a superior finish and quick turnaround for your vehicle. We have a range of technologies for repair work including a Black Hawk Chassis pulling machine. We also offer protection for your vehicle using Rhino Linings.
